

Graham Parker Lifetime Achievement Award Nomination Form

To be eligible for the Graham Parker Lifetime Achievement Award, nominees must have worked in the energy industry for at least 25 years. In the spirit of Graham's work in the energy industry, nominees should have made a demonstrated impact in the areas of energy efficiency, renewable energy, emerging technologies, electrification or income-qualified programs. They should also have a connection to the Utility Energy Forum. Examples include being a presenter, a sponsor/exhibitor, an attendee, or planning committee member.
