

# **Jim Brands Memorial Scholarship Application**

## **For the 44th Annual Utility Energy Forum**

### **April 23-25, 2025**

Jim Brands of Efficiency Services Group (ESG) was a committed professional who devoted a thirty five year career in the electric utility industry helping people manage their energy use and reduce their energy costs. Through his work in partnership with Northwest Public Power Association, Northern California Power Agency, Southern California Public Power Authority and numerous public and private utilities, Jim was a well known and respected business associate and friend to many. Jim was a long-time supporter and participant at the Utility Energy Forum (UEF) and served on the UEF Planning Committee for 4 years. This scholarship is named in his honor for all of his years of service to the utility industry and his work with the UEF.
